

DUCT FAN

General Data:

- Frame/Housing : Plastic
- Impeller : Plastic
- Bearing System : Ball bearing
- Motor : Capacitor run motor
- Protection : Thermally-Protected
- Insulation Resistance : Above 100M Ω , DC500V.
- Dielectric Withstand Voltage : AC1,500V (50/60Hz) one minute
- Life Expectancy : Over 40,000 hours (at 40°C)
- Safety Approval : CE

- Description of Model No.

DF	150	P	23	B	W	H/L
1	2	3	4	5	6	7

1. Model Series:

DF: DUCT FAN

2. Blade Diameter:

150: \varnothing 150mm

200: \varnothing 200mm

3. Material of Frame:

P: Plastic

4. Voltage:

11: 115V

23: 230V

5. Bearing:

B: Ball

S: Sleeve

6. Electrical Connection:

T: Terminal Type

W: Lead Wire

7. Speed:

H/L: Dual Speed (Standard)
